

St. Andrew's On-the-Sound Preschool  
Permission for Directory and Pictures

We want your permission to publish your name, address, e-mail and phone numbers in the preschool directory. This is a great way for parents to contact each other about school functions as well as set up play dates. If you decide not to participate, we will not publish your information or make this directory available to you. (circle one) Yes No

St. Andrew's Preschool also has Photos/Videos links on the preschool website. We post updates, information, pictures and videos of our children at play. We do not identify your children by name. Only the image is shown. We ask that you circle below (yes or no) to give us permission, or not, to use pictures and videos of your children on the web site, newspaper or the church bulletin. Thank you in advance.
